

Medical experts feted for selfless service at Veterinary University

■ Staff Reporter

MEDICAL experts who extended voluntary services and treatment advances for treatment of animals were felicitated in special ceremony at Nanaji Deshmukh Veterinary Science University, Jabalpur, on Thursday. Chief guest was Dr R S Sharma, Vice-Chancellor, Ayurvigyan University, Jabalpur. Vice-Chancellor of Veterinary University Professor Prayag Dutt Juyal presided over the programme.

Chief guest Dr R S Sharma while addressing the programme said that the association between Medical and Veterinary Science should be strengthened. In this

association new research should be initiated to meet future demands. There should be one super specialty of Veterinary Science so that better treatment of animals could be ensured. He emphasised on need to develop joint research project. Nanaji Deshmukh Veterinary University Vice-Chancellor Programme President Professor Prayag Dutt Juyal said that ultimate motive of medical and veterinary streams is to save life. Veterinarians work for animals which is a tedious and risky task. He further highlighted issues related to veterinary sciences and said besides treatment veterinary experts have to maintain production. He said for prevention of environment

Nanaji Deshmukh Veterinary University Dr P. D. Juyal addressing felicitation programme of medical specialists on Thursday.
